ENGINEERED WOOD FLOORING

technology

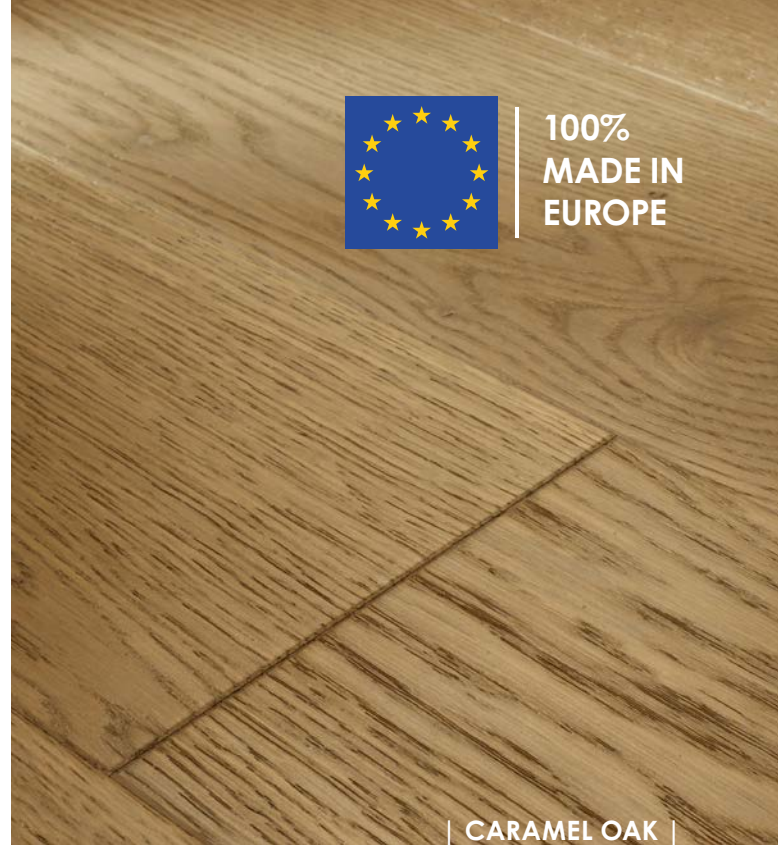

100%
MADE IN
EUROPE

3-layer cross construction

- ✓ **100% wood**
made from 100% natural high quality wood
- ✓ **product stability**
very high resistance to humidity changes
- ✓ **durability**
suitable for residential and light commercial use
- ✓ **radiant heating**
perfect for various heating systems
- ✓ **refinishable – NWFA**
3 times

finishing

- ✓ **UV lacquer**
excellent surface protection and easy maintenance
- ✓ **lacquering after beveling**
no micro-damages of the finish and thus higher durability of the coating on floorboards' edges
- ✓ **matte finish**
natural look of surface protected against abrasion, dirt and micro scratches
- ✓ **brushing**
highlighting the natural beauty of the wood graining and bringing out its structure
- ✓ **coloring**
multiple decors in variety of colors including double staining

| CAMEL OAK |

wood usage

- ✓ **wide range of formats and designs**
long length, wide planks, herringbones, chevrons (check for USA availability)

joints

- ✓ **patented quick joint 5Gc and T&G**
proven system for fast and easy fold down installation (check for USA availability)
- ✓ **optilock®**
installation of classic herringbone without right and left plank

private label

- ✓ **custom-made decors**
possibility in creating individual designs and colors

ENGINEERED WOOD FLOORING

construction

100%
MADE IN
EUROPE

1 wood protection system
up to **7 layers** of UV-cured acrylic lacquer

2 surface layer
selected European sawn cut wood of the appropriate thickness, protected with a lacquer finish

3 middle layer
pine wood layer arranged laterally to the hardwood surface and a bottom layer; prevents gaps and cracks – even in constantly changing weather conditions

4 quick joint 5Gc and T&G*
faster and easier installation
*T&G available on 5" wide planks products (check for USA availability)

5 the barclick® joint
fast and easy with the use of an assembly kit; high durability of the joint

6 bottom layer
pine wood arranged laterally for stability

eco

environmental concern
and a pro-ecological
attitude are paramount
values of the brand

pro-ecology campaigns

we plant trees

for every package of Barlinek flooring sold, we plant 1 tree; Barlinek Customers Forest is growing and today includes more than **18,000,000 trees**

we save peregrine falcons

thanks to the activity undertaken over the past few years it has been possible to return as many as **100** of these beautiful birds to the forests

we protect "Bartek" the oak

we also allocate funds to carry out the necessary renovation work to save the ancient Bartek Oak - Poland's most famous nature monument

responsible production

- ✓ **health above all**
we produce only certified products that meet all the high criteria, confirmed by FloorScore and TSCA certificates

Disclaimer: Floorboards are produced exclusively from genuine wood. Because of the natural variation in the raw material, the individual floorboards and their surface may differ in color, shade, the intensity of knots and grain pattern.

Sample boards, samples, photographs and merchandising brochures may not fully correspond to the actual appearance of the products. The color of the product delivered may be different from the material available at the point of sale.
